

Papras Nualchaem

GRC & Risk Analyst — operational risk, internal controls and compliance

Bangkok, Thailand · papras.n@gmail.com · linkedin.com/in/paprasnua · phatt-n.github.io

GRC and risk analyst with experience across banking, fintech and independent operations, focused on operational risk, internal controls and data protection compliance. Completing an MSc in Cybersecurity and Risk Management, and certified in CompTIA Security+ and (ISC²) Certified in Cybersecurity, with ISO/IEC 27001 in progress. Works between Legal, Product and operations teams to turn a requirement into a control people actually follow, and reports risk in terms management can act on.

Experience

Internal controls and operations

Private import and logistics business · Jul 2022 – present

- Implemented internal controls covering 500+ monthly transactions across 30+ vendors; no SLA or payment breaches recorded to date.
- Ran recurring risk assessments, identified five control gaps and reduced reporting errors by around 20%.
- Built Excel dashboards that cut reconciliation time by half and lifted risk monitoring coverage from 60% to full coverage.

Associate, Marketing

ShopeePay (Thailand) Co., Ltd. · Aug 2021 – Feb 2022

- Coordinated Legal, Product and UX across the Thailand and Singapore teams to design the PDPA consent and opt-out flow for the first marketing email campaign, reaching approximately 300,000 users. Written up as a case study in the portfolio.
- Supported four audit-readiness reviews through control testing and evidence sampling; no findings were raised on the controls reviewed.
- Performed risk matrix evaluations and process walkthroughs, helping management prioritise the top three compliance risks.

Relationship Officer, business risk support

Bangkok Bank PCL · Jan 2021 – Jul 2021

- Performed risk analysis on 20+ SME and corporate portfolios (THB 500M–1B), identifying THB 50M of high-risk exposure.
- Coordinated with Credit and Legal to meet regulatory and internal audit requirements on all reviewed files.
- Prepared audit documentation and portfolio reviews supporting three client acquisitions.

Finance Operations Coordinator

ExxonMobil Co., Ltd. · Sep 2017 – Sep 2018

- Processed 150+ invoices daily at 98%+ accuracy under internal control standards.
- Ran control testing and SOP improvements that reduced vendor disputes by around 80%.
- Prepared three control certification reports with no audit findings, and led risk awareness sessions for 100+ staff.
